Part 2 - Using ClassKeeper

4 My courses

After joining you arrive on **My courses**. Every course you belong to has a card showing the term, subject and dates.

- 1. Tap a course card to see your grades and attendance for that course.

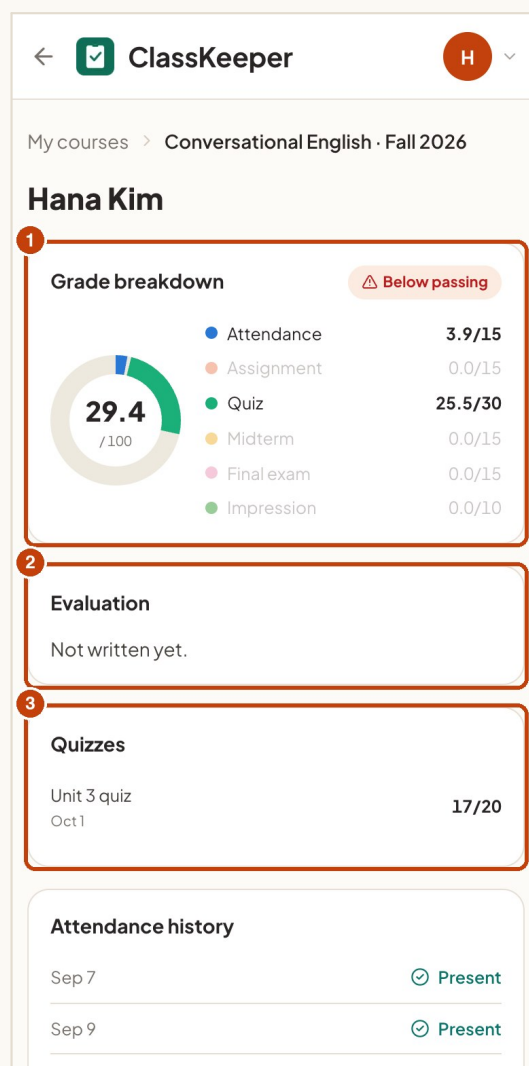

My courses.

5 Read your grades

Your course page is a report card that your teacher updates after every class.

- 1. **Grade breakdown:** your total out of 100 (in the circle) and the points you have earned in each part against its maximum - for example **Quiz 25.5/30**. A badge shows whether you are currently **Passing** or **Below passing**.
- 2. **Evaluation:** your teacher's written comments about you, once they have added them.
- 3. **Quizzes** (and **Assignments**, when there are any): your score on each, for example **17/20**.

Note. Your total counts the **whole term**. Early on it is normal to see a low total and **Below passing** - quizzes and exams that have not happened yet count as zero for now. Your total rises as scores are added.

6 Check your attendance

Scroll down on your course page to **Attendance history** - one line per class.

- **Present** (green tick) - you were there.
- **Absent** (red cross) - you were not.
- **Leave** (amber clock) - an excused absence your teacher approved.

Tip. Think a mark is wrong? Tell your teacher or TA - they can correct it and your page updates straight away.

Tell your teacher or TA. They can edit your details in the class list.
